

Eastern Australian Storms and Floods March 2021

Eligible Local Government Areas (LGA's)

Current as at 02/09/2021

Below is a list of remote, rural and regional LGA's that have been declared as affected by Eastern Australia's Storms and Floods March 2021.

FRRR will use this list to inform eligibility, but it will not be the only basis on which an application is assessed and prioritised. If you believe that you are in a storm and flood-affected community that is not in a metro area and whose LGA is not listed here, call us on 1800 170 020 to discuss the situation.
