

## Mycelia Energy Collective

Mycelia Renewables Ltd (Mycelia) (ABN 62 650 539 405) is a company limited by guarantee and registered as a charity with the ACNC. Their project 'Mycelia Energy Collective' is comprised of households and small and medium business working together to create a community leading the transition to a true regenerative economy. The Collective helps reduce barriers some people face to accessing locally produced renewable energy while redistributing funds into other local renewable initiatives. The model ensures the transition to renewable energy is equitable for all members of the community. Focus communities for this project are Bass Coast and South Gippsland, although the virtual grid can be accessed by other Victorian community members. Donations will support project activities.
