

Key Dates

Note: Projects funded in this round must be undertaken between September 2024 and October 2025.
All applications close 5pm Victorian time (AEST).

About FRRR

FRRR is the only national foundation specifically focused on ensuring the social and economic strength of remote, rural and regional communities.

Our model connects common purposes and funding with locally prioritised needs. We believe targeted, well-informed investment in local organisations will stimulate ideas that create vibrant communities.

That is why our programs focus on building resilience and strengthening communities.

Program Information

Program Purpose

The Strengthening Rural Communities (SRC) Prepare and Recover program supports communities in remote, rural and regional communities across Australia to implement initiatives that **prevent and prepare** for future climate-related impacts, or **recover** from existing disasters in the medium to long-term timeframe, generally one to ten years after a disaster.

Grants **up to \$25,000** are available for a broad range of initiatives to strengthen the capacity and capability of local people, organisations, networks, and systems that help communities to be informed, skilled, connected and resourced for the future.

Specifically, SRC Prepare and Recover will support communities to focus on disaster preparedness for any innovative project, event, initiative, training, network, or service that improves the ability of local people and communities to build preparedness to manage the impact of future disasters.

Projects that enable a focus on [community-led resilience building](#) through strengthening local inclusion, networks, communication, information sharing, self-organising systems, local decision making, resourcing, tools and support will be prioritised.

Projects must respond to a potential and specifically identified climate impact. Proposals from communities impacted by these specific disasters will be prioritised.

- 2019/20 Black Summer bushfires;
- 2021 WA Tropical Cyclone Seroja;
- 2021 NSW storms and floods;
- 2022 flood events across regions of NSW, QLD, SA, TAS, VIC & WA; and
- 2022/23 Ex-Tropical Cyclone Ellie and associated flooding across regions of WA and NT.

There are limited funds available to support 2019/20 Black Summer bushfires projects in Round 21, and likely the final round to support this specific disaster.

If you want to discuss a project to support disaster preparedness, please call us on 1800 170 020.

**Types of
Projects
Supported****SRC Prepare and Recover aims to support projects that:**

- Assist communities prevent and prepare for, respond to, or recover from disasters, weather events or climate impacts;
- Demonstrate broad community benefit, are locally determined, support collaboration and build capacity for the future;
- Build networks or resources so that local communities can share information, increase climate related knowledge, and strengthen social connection;
- Aim to 'build back better' infrastructure following a disaster event, accounting for historical and future climate risks;
- Recognise First Nations knowledge and strengthen cultural practices to foster healing, connection and care for Country;
- Have limited ability to attract funds from other donors or government.

FRRR funds projects aligned with the following types of charitable projects and outcomes:

- Bringing people and community organisations together to foster stronger, more resilient communities;
 - Fostering and celebrating a sense of identity, diversity and cultural connection within the community;
 - Supporting diverse groups within remote, rural and regional communities including, but not limited to, Aboriginal and Torres Strait Islander, culturally and linguistically diverse, those living with disability, and LGBTQIA+;
 - Improving community health and social wellbeing;
 - Enabling people to develop skills, knowledge and confidence to lead and contribute to the prosperity and renewal of their community;
 - Building a sustainable volunteer base and/or supporting the wellbeing of volunteers;
 - Celebrating and resourcing volunteer-led efforts;
 - Increasing access and inclusion for vulnerable and disadvantaged groups, including remote communities;
 - Enhancing places where communities gather;
 - Promoting connection to place and enabling initiatives that champion a community's social, cultural, or economic aspirations; and
 - Reducing the divide on access to digital technology and connectivity for remote, rural and regional communities.

**Funds
Available**

These grants are available thanks to the generous support of the donors listed on the [SRC Prepare and Recover](#) program page.

While all requests will be considered, applications that are locally led, build local capability, reduce volunteer fatigue, increase climate knowledge, aim to 'build-back better' and reduce future disaster risk will be prioritised.

Applications from local community groups and not-for-profits or organisations that do not have DGR status will also be prioritised. We have funding to support applications from the following Local Government Areas declared by the Australian Government and listed by [Disaster Assist](#), noted in the table below.

State / location	Event	Dates	Disaster Assist reference
QLD <i>South East Queensland</i>	Rainfall and Flooding	22 February – 5 April 2022	1,011
QLD <i>Northern and Central</i>	Rainfall and flooding	21 April – 12 May 2022	1,019

What Can be Funded

A broad range of charitable activities are considered under this program, including:

- Delivering, or providing projects, events, programs, initiatives and services;
- Purchasing or hiring equipment and materials;
- Community infrastructure;
- Organisational capacity building;
- Community resource development;
- Proportionate costs associated with staffing as required to deliver the activity.

Round 21 Program Guidelines

What Can't be Funded

There are several areas that we **cannot fund** through this program. If in doubt, please contact us:

- Projects that support core business and areas of responsibility of Federal, State and Local Governments;
- Solely ongoing core organisational operational costs (e.g. rent, utilities, regular wages, loan repayments);
- The encouragement or advancement of sport, recreation and social activities are not considered charitable activities under Australian law.

Applications from sporting organisations need to clearly demonstrate charitable outcomes and benefit to the wider community that are above and beyond the sporting activities of the club;

- Overseas travel and overseas projects;
- Prizes, gifts, trophies or awards;
- Political lobbying;
- Projects that primarily benefit private business, a sole trader, or private interests;
- Projects solely focused on animal welfare;
- Initiatives relating to pandemic recovery, mice plagues, other environmental disease, economic disruptions, or other events causing significant community impacts; and
- Projects for infrastructure or repairs that are subject to / eligible for an insurance claim.

Eligibility

To apply, you must meet the following criteria:

- Applicant organisations must be a **not-for-profit organisation** with either an **Incorporation Certificate and/or an ABN**. If you are unsure if your organisation is a registered not-for-profit (e.g. if you are a Co-operative, Other Unincorporated Entity, Public Company, or Trust), please contact FRRR;
- There are three streams of funding available within the Strengthening Rural Communities (SRC) Program: [Small and Vital](#), [Prepare and Recover](#), and [Rebuilding Regional Communities](#). Organisations may submit their application in **one** of these streams per SRC grant round, and any other applications in this round will be considered ineligible;
- Project must be for charitable purposes and offer clear public benefit;
- Not-for-profit organisations with or without DGR-1 endorsement are eligible;
- Organisations can submit one application per grant round;
- Projects must benefit communities in remote, rural or regional Australia.

Please note, you will be considered ineligible if the:

- Application is submitted by individuals, sole traders, private or commercial businesses (as per the submitted ABN);
- Application is submitted by an organisation that is not a legal entity (i.e. a registered not-for-profit), without the written consent of the governing / partnering body who holds the ABN / Incorporation Certificate;
- Application is submitted without required financial information (see below);
- Final report/s from any FRRR grants awarded in the previous seven years have not been acquitted (delivery organisations should check with legal organisation to see if there are any outstanding final reports);
- Application is for a project or activity that has already occurred / is occurring prior to the announcement of funding;

Round 21 Program Guidelines

- Application is incomplete. **NOTE:** Due to the volume of applications received, applications are assessed based on the documentation received at the time of application. **FRRR is unlikely to follow up missing documentation after applications have been submitted.**

Definitions

- **Disaster:** A serious disruption of the functioning of a community or a society at any scale due to hazardous events interacting with conditions of exposure, vulnerability and capacity, leading to one or more of the following: human, material, economic and environmental losses, and impacts. This can include climate related conditions, such as drought, heatwaves and bushfire; earthquake; flood; storm; cyclone; storm surge; landslide; tsunamis; meteorite strike; or tornado.
 - **Disaster Prevention:** Initiatives or actions to reduce hazards, the likelihood, or the impacts of weather events, climate impacts or disasters.
 - **Disaster Preparedness:** Helping individuals and communities get ready, to make plans and preparations in advance of weather events, climate impacts or disasters.
 - **Disaster Recovery:** Activities that return the affected community to its pre-disaster state or better, and to make it stronger to future weather events, climate impacts or disasters.
 - **Disaster Risk:** The potential loss of life, injury, or destroyed or damaged assets which could occur to a system, society or a community in a specific period of time, determined probabilistically as a function of hazard, exposure, vulnerability and capacity. The definition of disaster risk reflects the concept of hazardous events and disasters as the outcome of continuously present conditions of risk.

IMPORTANT NOTES RE: APPLICATION REQUIREMENTS

Please read the information below to support the planning and preparation of your project. It also sets out what you **MUST** include for your project to be considered. Contact FRRR if you have any questions about this information or any aspect of the application form.

Eligible legal entities

Every application needs to include an organisation that holds either an **ABN or Incorporation Certificate**. If your organisation does not have that, FRRR may still fund the project, but you need another organisation's support, which we refer to as the '**legal organisation**' (with your organisation being the **delivery organisation**). This situation often occurs when the organisation **delivering** the activity or project is a branch of an overarching organisation - such as a local CWA or YMCA branch. In this case, the CWA or YMCA would be the legal organisation.

Even though your organisation may complete the application (and will be doing the work), **it is the 'legal organisation's' legal and financial information that needs to be provided**. They also need to provide a letter of support, confirming they are willing to play this role, with a [template available here](#).

Applications from ACNC and/or unincorporated associations are required to submit their organisation's Constitution.

Why is this important?

This program is only able to distribute funds to not-for-profit organisations with an ABN or Incorporation Certificate, and FRRR needs to know that the organisation with that ABN / Incorporation Certificate understands and agrees to fulfill their responsibilities in relation to your project, if successful.

Financial information

Applications received without the requested financial information are ineligible. Providing incorrect financial information is currently the most common reason applications are not able to be considered. You must include the organisation's:

- Annual income (total income in your financial year);
- Annual expenditure (total expenses in your financial year); and
- Current assets (from your audited financials, or bank balance minus any debts).

Please note:

- Provide a brief explanation of any large financial surplus or current assets and reasons why FRRR funds are still required.
- If financial information is more than 18 months old, please provide an explanation as to why the organisation does not have more recent documents.
- Please explain any deficits and steps to sustain the organisation financially.

FRRR conducts a broad range of due diligence queries when reviewing applications, such as: reviewing current and past incorporation, DGR and ACNC status. If your organisation has happened to have their incorporation status, DGR status or ACNC status changed or ACNC registration revoked or voluntarily withdrawn, please let us know the reasons for this.

Please contact us if you cannot provide the required financial information or are unsure about what to provide.

Why is this important?

FRRR uses this information to understand your organisation's financial viability and ability to manage grant funds.

Project Budget

You must include a project budget that clearly shows the items that FRRR grant funding would be used for and that also shows all income and expenses related to your project.

Budgets should be realistic and must add up – i.e., total expenditure must match total income.

Applicant contributions in cash or in-kind are highly regarded. Quotes or detailed rationale for items over \$1,000 are required, where possible. Note: FRRR suggests costing unskilled volunteer labour at \$45 per hour.

For more info on costing volunteer labour, visit: <https://explore.fundingcentre.com.au/help-sheets/valuing-volunteer-labour>.

Why is this important?

A clear budget helps FRRR to understand the size of your project, exactly how FRRR funds will be spent and helps demonstrate community support for your project through in-kind contributions either from your organisation or partners / community members.

Supporting Materials

FRRR strongly recommends that you provide supporting materials such as [letters of support](#), [evidence of permission from the property owner](#), community plans, survey results, photographs, media clips and research reports that can show broad-community support and partnerships involved in the project. For more information on supporting documentation, [watch this recording](#). Large documents should be referenced and explained in the application.

Why is this important?

FRRR seeks to fund projects that are well-supported by the broader local community, are locally led and delivered, show good partnerships, and benefit multiple parts of the community. As FRRR is not always familiar with your community, our staff consider support material as evidence toward understanding level of community need, benefit, and support.

Clear Project Information

A clear description of exactly **what** the grant funds will be used for, **when** and **where** the project will happen, **who** will benefit and **who** will be involved in delivering the project, **why** the project and grant funds are needed, **how** funds will be spent and **how** the activities and success of the project will be recorded, evaluated, and shared.

Where possible, we encourage you to make it clear that your organisation is ready and able to deliver the project and, if required, provide ongoing support for the initiative.

Why is this important?

FRRR needs to clearly understand your project to assess its merits. Applicants should focus on addressing what, when, where, who, why and how of the project, as this is the best way to clearly communicate the details of the project.

A ready community is best placed to achieve the aims of your project, so during assessment, our staff look for information that tells us that good leadership, skills and awareness exist in your community to support the project now and in the future.
